S U B J E C T : GENDER SENSITIVITY TRAINING

DATE : MAY 11, 2023

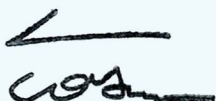

The PGNS Gender and Development Focal Point System Technical Working Group spearheads the implementation of Gender and Development Programs. Among the priorities is to ensure that the PGNS employees create and maintain a gender-fair workplace and provide an opportunity for the participants to analyze gender issues and concerns.

This has led to the identification of a one-day Gender Sensitivity Training (GST) for the PGNS personnel, which will be executed in three batches on May 16, 17, and 18, 2023, 8:00am, New Governor's Conference Room, Catarman, Northern Samar.

Given that our hospital staff members deal with a variety of clients and patients, these three batches were slated exclusively for NSPH human resources.

With your expertise and experience in Gender and Development, and to ensure that the target participants receive informative, enlightening and effective training, you are advised to facilitate and assist the above mentioned intervention.

For your guidance.

EDWIN MARINO C. ONGCHUAN
